

KBC Document Naming Convention Guide

To ensure consistency, clarity, and ease of version control, all official Kingsville Baptist Church documents should follow the naming convention below:

Format

KBC_[Document_Title]_Rev_[MonthYear]

Examples

- KBC_Pastor_Job_Description_Rev_Oct2025
- KBC_Pastor_Evaluation_Framework_Rev_Sep2025
- KBC_Bivocational_Adjustment_Plan_Rev_Sep2025
- KBC_Secretary_Job_Description_Rev_Jan2026

Guidelines

- **KBC** – Always include the church acronym first for clear identification.
- **Document_Title** – Use concise, descriptive titles with underscores (_) instead of spaces.
- **Rev_MonthYear** – Indicates the revision or approval date (e.g., *Rev_Oct2025*).
- **No “Final” or “Draft” tags** in final documents; these statuses are tracked by folder location:
 - *Working Drafts* → editable Word or Google Docs versions
 - *Final Approved Documents* → PDF format, board-approved versions
- Avoid using special characters (like / or &) to ensure compatibility across systems.
